

FAME: Networking Committee

Vision: Regular forums that link Advanced Manufacturers in our region that enable a unified voice.

Mission: Optimize Advanced Manufacturers resources by pooling them with other manufacturers and opening the line of communication so we can learn from each other and help our

Key Metrics:

Number of companies participating in the Networking
Companies increased profitability over the years
More efficient use of resources

Reflection on Last years activities:

There is limited knowledge and understanding of local resources or best practices
Surveys need to be done to see what companies want / need.

Modified 9/19/07

Activities:

- 1) Create CEO type round tables for Advanced Manufacturers meet regularly. Regular high value events; CEOs, Sales/Marketing, COO, small/large companies, men facilitators
- 2) Unite companies in lobbying and pressuring the in public policy
- 3) Schools and businesses create real partnership: educating teachers and youth about manufacturing
