Newark FLCC Wayne Center Rm 124 1100 Technology Pkwy. 585-785-1544	12:30 – 3:30 PM June 11, June 25 & August 27			

1. Enrollment in ABE/HSE classes is open to students ages 17 and over who are not currently attending high school. Students who already have their high school diploma may also attend classes for basic skills review which may include upgrading skills for college or preparation for certification testing or training.
2. When a 17 or 18-year old enrolls, the student will need to submit an official NYS Test Verification Form completed and signed by a high school guidance counselor. Those students are eligible to take the TASC test, age wise, if they meet the NYS testing requirements which include being at least 17 years of age, out of high school for at least one year OR being a member of a high school class that has graduated. NYSED Verification forms are available from the HSE instructors or by calling **(585) 785-1431** or **(585) 785-1544**.
3. The official TASC test is administered on two consecutive days. Subject areas are science, social studies, reading, math (algebra, geometry, and trigonometry) and English (including an essay). There is no charge for the TASC in NYS.
4. Program policies require specific hours of class time and also achieving a passing scores on a TASC official readiness assessment. Length of time in classes varies with each student and depends on skills achieved.
5. Students who need testing accommodations on the TASC exam must notify the HSE instructor upon enrollment in the class. Special testing can be arranged if appropriate documentation is provided. Since special testing must be pre-approved, extra time is needed to process the application.
